Editors: Sandra Schrouder, PhD & Rupert Rhodd, PhD

**Dear Alumni Association Executives & Friends:**

**HAPPY NEW YEAR!**

As we look back at 2019, we are truly thankful for what you have done to make this world a better place. You have supported various community efforts here in Florida and elsewhere, and you have assisted your alma maters in numerous ways. We are committed to continue supporting your endeavors to build on your past accomplishments as we make our schools and the local community more productive.

Thanks for supporting our signature event, the annual walkathon on December 7, 2019 and we look forward to using this event to help you raise funds for your alma mater on DECEMBER 5, 2020. Please save the date on your calendar and let us pledge to have at least 5 times the number of participants. The turnout was lower than usual as some thought the CG's event in October was our event. It was not!!! Plan for our Walkathon on the first Saturday in December 2020. Thanks to our volunteers, and those who donated water, fruits, coffee, juice..... Thanks also to the associations that registered for the event. IT WAS WORTH THE EFFORT as many associations raised hundreds of dollars for their alma mater. You can see pictures from the Walkathon on the "public" Coalition Facebook page or you can view them through the link below.

<https://photos.app.goo.gl/bgbAz6jekHZ2N21B7>

We are so grateful to Addy from Alpha Alumnae for being present at the event over the years and for being the resident photographer. We uploaded about 190 pictures to create this album and there are still more on the facebook page. Although we did not see Alpha's president Patsy Lee, we did enjoy the fritters!! Thanks again Patsy for your association's contribution. Thanks also to Allan and "Ginger Spice" for leading the warm-up exercise segment and thanks to our resident servers lead by Audrey and Beverly.

Xavier Murphy has been at every walkathon and has never failed to bring "goodies/prizes" for the

"entertainment" session of the walkathon. With him and DJ Uncle Kev, we know that we will always have fun after the walk. Thanks Xavier, and Leo Gillings for helping to make the moment light.

On the issue of entertainment, we always thought that Clarendon College only produced good athletes and Kingston Technical, engineers. We were wrong! Those of us that were there now know different. They can dance... SEE BELOW!!

Our heartfelt appreciation to Janelle Richards and John Kaye from Broward Health North for providing important health screenings. They helped us keep our promise to provide advice on health, exercise, fun, and food at the walkathon.

Congratulations to Dr. Allan Cunningham on his election as the Jamaican Diaspora Representative for the USA Southern Region. (Please see the news release on page 3). This means that Dr. Cunningham will be our representative and spokesperson for matters that affect our community. As the former president of Camperdown Past Students' Association, we have no doubt that he will bring Alumni Associations' concerns to the Global Diaspora Council, and we look forward to working with him over the next three years.

Our primary school book drive project needs your help as the BIG barrels need books. Thanks to those who donated books at the walkathon. Please contact us and we will make arrangements to collect and transport your book donations.

We will be holding an "interest meeting" for the proposed Alumni summer trip to Costa Rica on

Saturday, January 25, 2020 at 1:00 PM at the FAU Campus in Davie. More information on the Alumni Trip is on page 18. Please RSVP if you are coming to the meeting or are interested at [rgecon@hotmail.com](mailto:rgecon@hotmail.com).

We know there are many others to publicly thank for helping to make 2019 a successful year, so please forgive us if you were not individually thanked. Let's look forward to a wonderful and productive new year!!

Sandra & Rupert

## GLOBAL JAMAICA DIASPORA COUNCIL'S FINAL 2019 ELECTION RESULTS FOR THE USA SOUTHERN REGION

[USASouthernElections@GlobalJADiasporaCouncil.com](mailto:USASouthernElections@GlobalJADiasporaCouncil.com)  
(December 17, 2019)

Dr. Allan Cunningham has been elected to represent the USA Southern Region of the Global Jamaica Diaspora Council. He will represent the Southern region: Alabama, Arizona, Arkansas, Florida, Georgia, Louisiana, Mississippi, New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas. Dr. Cunningham is a business entrepreneur who also believes in community enrichment. His academic achievement includes a doctorate in business administration specializing in international business, a master's degree in management and a bachelor's degree in Psychology. For more information on Dr. Allan Cunningham, please visit the website at

<https://www.globaljadiasporacouncil.com/electionresults>

and click on the "Profile" link. He was one of six candidates for the USA Southern Region, including Arlene Richards Barr, Michelle Fanger, Garfield Heron, Mark Jackson, and David Mullings. The Council will be established in January 2020.

The elected candidate will become a member of The Global Jamaica Diaspora Council which serves as an advisory and consultative body geared at facilitating more effective engagement between Jamaica and the Diaspora. Members of the Council will serve for three years, allowing them more time to achieve the agreed deliverables during their tenure.

**Special Thanks to our Consul General R. Oliver Mair for making the extra effort for our alumni events. We know it is tough to be everywhere and we do appreciate his effort. The CG's message is on Pages 4-5.**

## MESSAGE FROM THE CONSUL GENERAL

Southern USA, Bahamas, Cayman Islands

R. Oliver Mair

Greetings to my fellow nationals and friends! I wish you a happy and prosperous New Year. Let us give thanks to God Almighty for His many gifts and blessings throughout this past year, and what a year this has been.

My staff and I, at the Consulate express our profound gratitude to each and every one, for your overwhelming support throughout this past year marked with challenges and accomplishments. Our recent relocation of office in Downtown Miami was the first move since officially opening the Mission in 1974. This move has given us the opportunity to have a more welcoming environment to our many nationals and friends who visit the Consulate. We are also grateful to the many companies who have collaborated with us to showcase Jamaica at its best, particularly in our Lobby through the promotion of goods and services. We welcome you to your new home away from home.

We are so proud of our performance on the world stage as Jamaica continues to dominate success in sports, education, culture and entertainment. As the old adage goes *'we likkle but we tallawah'*. We celebrate the recent crowning of Miss Toni-Ann Singh as Miss World 2019, the fourth time Jamaica has held this honour. In 2019 we hosted the Reggae Girlz in a week-long 'Send-off celebration' as they headed to Paris for the World Cup series. Across the globe, we also marked the Centenary (100<sup>th</sup>) birthday anniversary of our renowned cultural ambassador, the late Hon. Louise Bennett-Coverley, OM, OJ, MBE, (Miss Lou, as she was affectionately called). We recently witnessed the inauguration of our first Jamaican-American Mayor of Broward County, Mr. Dale Holness, as he joined the now 15 elected officials of Jamaican heritage holding public office in South Florida and in Georgia.

With the Government's thrust on investment and economic development, we have taken the show on the road through a series of investment fora in South Florida; Atlanta, Georgia' and Houston, Texas. Our monthly lecture series at the Consulate has also inspired ongoing conversations about our local communities and about Jamaica. I am excited about the positive trends in the Jamaican economy despite the challenges, and encourage you our nationals, to not only be "good news ambassadors" but to use this as an opportunity to further invest in our country. We thank the many sponsors and companies, who have collaborated with us in this effort, among them, our Legacy partners including Victoria Mutual Building Society, JN Bank, Grace Kennedy Company, JAMPRO and the Jamaica Tourist Board.

My heartfelt gratitude to our entire constituency for the success of the recent Jamaica Hi-5K Walk/Run which was held simultaneously on October 5<sup>th</sup> in five regions across the Southern USA community – Atlanta, GA; Orlando, FLA; and the tri-county area of South Florida (Miami, Broward and Palm Beach). Proceeds from registration of more than 300 persons will benefit the Ministry of Health's Adopt A Clinic programme, geared towards improving primary health care in Jamaica.

Following recent Diaspora elections, we welcome the newly elected Advisory Board Representative for the Southern USA, Dr. Allan Cunningham, and express our appreciation to Attorney Wayne Golding, CD, who has served us well for the past four years. We are encouraged by the youth engagement of our second and third generations, as they have now taken on a cohesive role in Diaspora activities.

Formally becoming a Jamaican citizen is indeed a proud and emotional moment. In recognition of this, we recently held the first official Citizenship Welcome Ceremony, the first of a quarterly installation. The next ceremony will be held in February 2020.

In this season, as we celebrate giving thanks for the greatest gift of all, and sharing with others, the Consulate remembers with gratitude the various philanthropic groups who continue to support Jamaica. The hand of support was extended to the Bahamas following the recent devastation dealt by Hurricane Dorian. As you know, there is nothing we can't achieve, when we come together as Jamaicans. Looking ahead to 2020, we will continue to let kindness be our guide. Let us remain committed to our partnership with individuals, corporations and community groups as we build on Diaspora development and nation building in our beloved homeland.

On behalf of the staff of the Consulate General of Jamaica at Miami, and my family, Tanya and Serena, I wish you all a season of peace, love and joy. As our heavenly Father declares (Book of Jeremiah 29:11), let us call upon Him in prayer as we continue our purpose to serve.

## Perfect Score! **Campion's Johan Gordon Aces American College Testing Exam**

Kelsey Thomas, Staff Reporter

*Jamaica Observer*

Monday, December 30, 2019

Seventeen-year-old Campion College student Johan Gordon has made history by becoming the first Jamaican to earn a perfect 36 score in the American College Testing (ACT)

examination. ACT, though less popular than the Scholastic Aptitude Test (SAT), is a standardised test used for college admissions in the United States. Gordon's perfect ACT 36 is equivalent to the SAT's perfect 1,600.

"Honestly, I was really, really surprised when I saw the scores because I genuinely wasn't expecting it. When I saw the 36, I was like 'oh, they're just showing me the highest score that I could get, like how much it's out of' and then I realised that it was saying 'this is your score' and I was actually blown away. I think I shed a few tears," Gordon told the Jamaica Observer. According to renowned Jamaican academician Dr Dennis Minott, who tutored Gordon through his A-QuEST programme, this has never been achieved by a Jamaican student in neither the ACT nor SAT.

"I do not believe that anybody in Jamaica has ever scored as high a score in SAT or ACT because there is an exact concordance that's published every year by both organisations, and I know of one student who did that, but that person didn't do it in Jamaica," Minott told the Observer.

In 2011, 16-year-old Damien Chang — who was attending Woodberry Forest School in Madison County, Virginia — became the first Jamaican to obtain a perfect SAT 1,600 score. Before him, the top mark was set at 1,570 by Manchester High School student Romero Heyman.

"So, his score is a first for Jamaica and I suspect for the entire Caribbean, perhaps somebody has equaled it, but I don't know of that," Minott said. Minott's A-QuEST programme helps to prepare top Jamaican students for colleges abroad. Gordon credited its resources along with Minott's guidance for his success in the examination.

"Without him, I don't think I would have done so well. He has also been quite instrumental in guiding me through the college application process on a whole," he said.

Gordon, who is in his second year of sixth form, is currently looking at a few Ivy League universities like Columbia and Brown, among others including Stanford, where he hopes to study biology or international relations (IR).

"In my first year of sixth form, I had this amazing biology teacher...and she really kind of deepened my love for biology. She was just such a good teacher and because of her I actually placed eighth in Jamaica for biology," [in the Caribbean Advanced Proficiency Examination Unit One] Gordon said, highlighting the core of his love for the science subject.

"IR I decided on pretty recently. I was kind of reflecting and I realised how much I've always liked languages. I came first in the island for French for CSEC (Caribbean Secondary Education Certificate) and ninth in the Caribbean in 2018. I found out in November that I placed fourth in the region and third in Jamaica for Spanish CAPE Unit One. I've always liked the languages from a very young age. I just loved how I was able to connect with other cultures through my language studies and I thought diplomacy and that kind of stuff would be cool, 'cause you're kind of being a bridge between nations," he continued.

Gordon is also a member of Campion's volleyball team and has been doing theatre professionally for about three years now with Jamaica Musical Theatre Company (JMTC).

"For a long time, since like fifth grade, I really was attracted to the idea of theatre and just having this space to like express yourself and just be

passionate about something. Something I love about theatre is that even if you have the smallest line or one or two lines on the stage, that one line can actually be just as powerful as the longest monologue, as long as you just make the effort to give 100 per cent and commit to that line, so it's been really fun," the high achiever said. Gordon was a part of JMTC's 2018 production *Beauty and the Beast* in which he played Cogsworth the Clock, and the 2019 production of *Annie* in which he was one of the orphans.

But Gordon said his favourite character so far is Bert in JMTC's upcoming production of *Mary Poppins*.

"Technically, he'd be considered poor and homeless, but he kinds of realises that material possessions aren't necessarily what make him happy, and I think that's a great attitude to have — that you don't really have to be materialistic to actually have happiness," he said. Describing young Gordon as playful, his father, Hugh, said from an early stage he always exhibited excellent memory.

"I feel very pleased that he has set himself to do well and that he has done well. It is a joy to see that he is pursuing interests in various areas of life, not just in academics; otherwise he has pursued interest in sports, in the dramatic arts and leadership at school. So that makes us [both parents] feel very pleased and happy for him," his father said.

"The hope is that he will do excellent at whatever he sets himself to do and whatever career he lives to pursue. We encourage him to pursue and to strive for excellence in all things," his father added.

## MEADOWBROOK HIGH WINS BEST ROBOT DESIGN

Sunday, December 29, 2019

*Jamaica Observer*

The Meadowbrook High School robotics team, accompanied by science teacher Petra Ann Campbell, won the Best Robot Design Award at the 100 Scholars Robotics Alliance FIRST LEGO Regional Tournament in Atlanta, Georgia on Saturday, December 14. Team members (from left) are Jon-Pierre Harris, Giovanni Leach, Donovan Dixon, Adam Mollison, Garry Weller, Tahir McKenzie and Shemoy Weller. The event was held in the Johnson STEM Activity Center.

*Meadowbrook High School's robotics team won one of five top awards presented at the 100 Scholars Robotics Alliance FIRST LEGO Regional Tournament in Atlanta, Georgia.*

It was Meadowbrook's first official entry in the annual tournament which attracts hundreds of STEM students from middle and high schools in Georgia and adjoining states in the US. Last year, three students — Shemoy and Garry Weller and Adam Mollison — attended as special guests/observers and impressed the organisers with their on-the-spot robotic design and programming.

Members of the Science & Robotic Club were excited when head of the school's science department, Dr Rose Knight, received an invitation from 100 Scholars Robotics Alliance to participate in the tournament this year. Eight

students were selected to participate — Jon-Pierre Harris, Donovan Dixon, Giovanni Leach, Tahir McKenzie, Tristian Russell, and the three 'pioneers' Shemoy, Garry, and Adam. They were accompanied by science teacher Petra-Ann Campbell. Meadowbrook is the first school outside the US to participate in the tournament.

Guided by FIRST Lego League's City Shaper theme, Meadowbrook competed with students from more than 30 schools vying for five top awards. They were challenged to think like scientists and engineers and design, build, test and programme their robot to help cities, towns, and communities solve a common, real-world problem.

The Meadowbrook High robot, named 'Adam' after the youngest member of the team, completed its assigned mission on the game field without errors. It was programmed to leave its base, ascend a ramp, and elevate and test the efficiency of a structure. Following the mission, the team spent 10 minutes with the judges presenting a robot design executive summary, explaining its manipulators and programming, and answering questions to complete the judges' assessment.

Tahir McKenzie, who, like Giovanni Leach, wants to pursue studies in mechanical engineering, described the tournament as “a really good experience that will help me focus on my career goal”.

Commenting on the design features of Adam the robot, Shemoy Weller said: “We purposely designed Adam without excesses so that it would be effective at achieving our project goals.”

Past students and friends of Meadowbrook High attended the tournament to support and celebrate with the team.

100 Scholars Robotics Alliance, a project of the 100 Black Men of Atlanta organisation, is staged annually at the Johnson STEM Activity Center on the Johnson Research & Development Company campus, downtown Atlanta.

## IMPORTANT EVENT IN THE LOCAL COMMUNITY

"Thanks to  
Robotic Surgery,  
I'm Back Doing  
the Things I Love."

- Ron, robotic surgery patient

### MINIMALLY INVASIVE ROBOTIC-ASSISTED SURGERY CLOSE TO HOME

For years, Ron suffered through knee pain, making his passion for boating difficult to enjoy. Ron turned to Broward Health North where he had a total knee replacement with minimally invasive, robotic-assisted surgery. After a quick recovery, Ron was back to enjoying life on the water.

The award-winning Joint Replacement Center at Broward Health North offers:

- Total joint replacement and care
- Robotic-assisted surgery including MAKOplasty®
- All-encompassing sports medicine surgical procedures
- Private rooms
- Physical therapy, rehabilitation & on-site gym

Suffering from knee pain? Join us in the Broward Health North Conference Center for a lecture by **Adam Lipman, MD**, orthopedic surgeon, and learn about your treatment options.

**Wednesday | January 29 | 9am**

Broward Health North – Conference Center
